

Onset stage

Breakdown stage

Curated disinformation erodes baseline trust (*information environments*); micro-targeted manipulation weakens support for democratic norms (*attitudes & behaviour*)

Deepfakes and coordinated disinformation suppress mobilisation (*information environments, participation*); surveillance and platform power entrench control (*power*); opaque automated decisions entrench unaccountable authority (*governance*)

Automated fact-checking and media literacy build baseline resistance (*information environments*); AI-assisted deliberation broadens participation (*participation*)

Early-warning monitoring (e.g. *Words of Warning*) detects and helps reverse an episode (*power*); institutional listening rebuilds trust (*governance, attitudes & behaviour*)
